技术参数 (DIN EN 61984)										REVISIONS									
插针数										REV		ECN		DESCRIPTION		DATE		DRFT	
额定电流										40+PE									
额定电压										16A									
脉冲电压										500V									
污染等级										6kV									
绝缘电阻										≥10 ¹⁰ Ω									
材料										聚碳酸酯									
阻燃等级										UL94-V0									
温度范围										-40°C~+125°C									
接线方式										冷压连接									
插拔次数										≥500
